

EROAD

# EASY, RELIABLE AND ACCURATE FLEET MANAGEMENT

**EROAD**

# You've built your success on reliability and excellent service. Us too!

When you choose technology for your fleet, you need a partner that delivers on the same commitments that you make to your own customers.

EROAD gives you accurate, consistent data to drive your business.

We put easy-to-use tools in your drivers' hands that they can trust to make them productive, safe and happy. And we give you the support you need on the road and in the office to keep processes, people and loads moving.

Don't settle for a supplier that can't move at your pace and meet your needs for compliance, operations and growth. We're EROAD, and when you want a technology partner that is dedicated to your success, we're all systems go.

We look forward to talking with you!

“ I wish I'd have chosen EROAD in the first place. ”

*Murphy Transportation*

“ EROAD is our fourth - and final - ELD supplier. ”

# Why Choose EROAD

Our customers use words like “dependability,” “quality service” and “delivering value” to describe themselves. So does EROAD. We are dedicated to your success, and we back that promise up with attention to details that make us different from other technology suppliers.

## Reliability you can count on

EROAD’s platform uptime and dependable in-cab devices mean you don’t suffer from outages and costly business interruptions.

## Accurate data that makes a difference

We capture accurate data and get it to you in near real-time without gaps and connectivity issues that plague some solutions.

## Ease of use that enables better results

Our ELD and driver tools are push-button easy and operate reliably. Drivers stay in compliance and get through their day without fighting technology.

## Service and support focused on your success

From deployment to day-to-day use, we’re there to ensure your team is on track, in compliance and getting the efficiencies and gains you expect.

# One fleet management platform to meet all your compliance, safety and operational needs

**EROAD Go**  
mobile driver app

**EROAD Asset Tracker**

**EROAD in-cab device**

**EROAD Clarity**  
Dashcam

## Get a total fleet management platform

From compliance to safety, managing drivers to tracking loads, EROAD's devices and solutions have your fleet covered.

## Take control of your fleet from end to end

Live truck and trailer tracking, activity history, driver safety behavior, event logs, on-road video, alerts, reports and more. Plus a 3rd-party certified ELD that puts compliance on cruise control.

**On-premise apps**

**Cloud apps**

## Connect EROAD to your core systems

Fully leverage your fleet data in core systems like TMS, timecard and payroll to improve cash flow, shorten DSO and reduce paperwork. Connect to other services you use for fuel, tax management, load visibility, insurance programs, etc.
